

JAMES RIVER

Paver not pictured at actual size. Eagle Bay has attempted to represent our colors as accurately as possible, but variances will naturally occur as a result of the printing and manufacturing process. In all situations, we recommend viewing the actual product before choosing a color and ordering the product.

Selecting a paver color is one of the most important and exciting aspects of your design. Use this swatch page to determine which color matches your outdoor landscape style. For the most accurate color representation, visit your local Eagle Bay Dealer to request a sample. Dealer locator tool available at EagleBayPavers.com.

SURFACE & EDGE DESIGNS

Start by choosing the overall surface and edge look you want for your hardscape project. Our pavers are manufactured to resemble many other materials such as brick, cobblestone, natural stone, flagstone, slate, and concrete (with added sustainability, maintenance, and cost benefits). Currently, we offer five distinct paver finishes: Antiqued, Chamfered, Traditional, Cobbled and Textured. Each finish features its own combination of surface and edge styles designed to create a specific look and feel. Contact your dealer for current paver finish color options.
