

Diamond Pro® Straight; Color: Blue Ridge

Diamond Pro Stone Cut®; Color: James River

*Just because you're working
with a large expanse doesn't
mean you have to sacrifice looks.
Diamond Pro® blocks feature
strength, flexibility, and
colors to make every project
look this good.*

With its proven performance and legendary strength, Diamond Pro® is one of the most-specified retaining wall systems for commercial applications. Architects and engineers worldwide rely on Diamond Pro® as a system that works for them. Whether your need is for a 3-foot high elevated patio or a 33-foot high critical structure, it'll work for you, too. Diamond Pro® is a classic retaining wall block with a history of performance behind it.
